

Annual School Supply Drive for Denver's Homeless Students

Every year, over 900 homeless children struggle to meet the basic needs of getting back to school. We need your help!

The Child Rescue Foundation Clearinghouse, Inc., dedicated to meeting the wishes for children and families impacted by violence since 1999 are working with many corporations, schools and faith organizations, with kids, to collect supplies for back to school. How many supplies are needed? As many as we can collect, as the over run will be stored for use throughout the year for students in need.

Collecting on Week One :

High School focus:

- *2-3" Three ringed-binders
- *College ruled paper - loose leaf & spiral notebooks
- *Mechanical pencils (there are cheap plastic ones out there)
- *thumb drives
- *highlighters

General shortages we seem to run into:

- *pencil sharpeners
- *colored pencils
- *college ruled paper
- *composition notebooks

Goal: 40 of each

Thank you for taking the time to support these students who want to attend school
